

Flackwell Heath Village on the WEB

www.flackwellheath.net

In association with the MCAFH, I am creating a WEB site for Flackwell Heath. The WEB site will be a comprehensive source of information on all activities and organisations in our village. This is a non-profit making project that we are undertaking and standard entries will be free of charge. In order to help me acquire the correct information and permission to publish your details, could you please fill in the form below and return ASAP.

Many thanks - Brian Moulson.

Any questions about this form or the project, please E-mail webmaster@flackwellheath.net
